Using a GST Loan

A GST loan can be added to any Commercial Full, Mid or Quick Doc loan product regardless of LVR. For example, it can increase a Full Doc loan ratio from the standard maximum 80% LVR to 90% for a short period of time until the BAS refund is received. Unless a top up is involved.

A GST Loan can also be used in a Commercial SMSF transaction and structured as a separate LRBA (Limited Recourse Funding Arrangement). This negates the need for additional non concessional contributions being made to the SMSF.

Serviceability and Income Verification

Serviceability	Same as accompanying loan product
Income Verification	Same as accompanying loan product

Fees

Establishment Fee	Same as accompanying loan product
Additional Fees	Same as accompanying loan product

Interest & Repayment Options

Interest	Calculated daily, charged monthly by direct debit
Term	Up to 6 months repaid via BAS refund Interest Only – Principal can be repaid at any time without penalty

Things to Know

Availability of GST Loan is subject to the principal/accompanying commercial loan being with the Lender.

Interest rates may vary according to the outcome of individual risk assessment.

Some specialised properties may incur interest rate loading. | * GST to be added to all fees and commission amounts except where otherwise stated. | ** Includes trail.
